Dear Umi,

## **Letter of intent - subject to contract**

Following several meetings and talks with yourself, it is my pleasure to confirm our sincere interest in working with you on the proposed documentary feature film and potential television series project currently entitled "Made It Out Alive", which you have presented to us.

We have provided you with an offer and written deal terms for finance, post-services and sales in connection with the project, summarising our understanding reached so far.

It is understood that this letter of intent constitutes a statement of Saboteur's current intentions only with respect to the proposed transactions and does not constitute the binding commitment of Saboteur with respect to those transactions, and no legally binding agreements or obligations are created by this letter of intent.

We very much look forward to working with you.

Very truly yours,

Nick Quested
